THE ACE SPECIAL LECTURE SERIES

The Advocacy Centre for the Elderly is a community legal clinic that provides free legal services to low income seniors in Ontario. ACE has been in operation since 1984 and is primarily funded by Legal Aid Ontario as a specialty legal clinic. In 2004, the ACE Board and Staff initiated this Special Lecture Series to celebrate and recognize the ACE 20th anniversary. It was planned that this lecture series would take place every two years to highlight key issues of concern in law, social policy, and aging.

Distinguished past presenters of this lecture have included

- Professor Evelyn Shapiro
- The Honourable Roy McMurtry
- The Honourable Flora MacDonald
- The Honourable Mr. Justice Perell
- The Honourable Howard Pawley
- The Honourable Patrick Lesage
- Dr. Samir Sinha
- Dr. Andrea Moser

We are very honoured that Dr. Mark Lachmann, Prof. Paula A. Rochon, and Ms. Mercedes Perez have accepted this invitation to present at the 2015 ACE Special Lecture on the topic of:

The Good, the Bad, and the Ugly: A Discussion of the Use of Antipsychotics in the Elderly

These presentations are very timely and should be of particular interest to seniors and their families. Over half of the legal issues about which seniors contact ACE involve health law issues. Since ACE started providing legal services in 1984, ACE has been directly involved in advising and representing older adults on issues related to homecare, long term and hospital care, and services and accommodation in retirement homes.

Please join us at this Special Event.

The lecture is free and all are welcome.

Refreshments will be served.
